

INDIANA COMMISSION
for
HIGHER EDUCATION

Indiana Student Completion Council

Mission

The Indiana Student Completion Council will create a campus culture that values on-time completion and will advocate for campus policies that facilitate student success.

Composition

Chairperson: Student Member of the Indiana Commission for Higher Education

Members: A representative from each public college/university campus, plus 3-5 representatives from private institutions

Term of Service: Each member serves a one year term (multiple terms allowed); outgoing member selects replacement from his or her campus to serve the following term

Description of Service

Attend four Council meetings per year. These will take place in-person and coincide with Commission meetings (scheduled roughly on a quarterly basis). The student meeting will take place after the Commission meeting concludes. Students are welcome to attend the Commission meetings and have breakfast and lunch with the Commission staff. The Commission meeting schedule can be found on our website.

Provide student voice at monthly Commission meetings. During Commission meetings, the student member attending that institution will either attend the Commission meeting (or designate another student to attend in their place) and act as a student voice on the Public Square topic (5-10 minutes of talking points on the subject).

Respond to monthly survey or poll and/or other correspondence via email regarding the work of the Completion Council. This will occur approximately once per month, and will come from Sarah Correll, Student Commissioner, Liz Walker, Office and Events Coordinator, or Sarah Ancel, Associate Commissioner for Policy and Legislation.

Near Term Focus

Partnership with the Commission on the 15 to Finish campaign
Messaging financial literacy and planning to students
